RD's Message

Save Mullaperiyar - Save Kerala

We, Y's Men as persons of all faiths are supposed to work for the betterment of all mankind. We are expected to encourage Justice in Civic & Social activities without showing any difference to anybody and also to inform the people actively and correctly in all the Civic & Social Matters

Let us think for a minute, the mindset of the people of Kerala. The anxiety, tension, fear, irritation, frustration, Anger, sadness and hopelessness is unimaginable. It is now our urgent duty to bring to the notice of people and authorities of our nation that "Mullaperiyar is the danger over the small state of Kerala, that may change God's own country to God's drowned country". Human life of Kerala is more precious than anything else. We are not fighting for water but we are fighting for life. What we need is safety at any measure. "Water to Tamilnadu and Safety to Kerala" is our slogan.

Y's Men, it is time to react. It is time to bring light to the eyes and minds of our great leaders. All the Y's Men's Clubs in the Region are requested to start campaign under the banner "Save Mullaperiyar - Save Kerala".
